

Livingston Legacy Lectures (2009-2010)

Those of us who were members of the Livingston College family, whether as a student, faculty or staff member, or friend, know of the vital and eternal legacy Livingston has to this day on the overall programs of Rutgers University and on a global scale.

Livingston graduates and staff play key roles in the national and international communities, and Livingston's programs and unique attributes live on in a variety of Rutgers University programs.

To celebrate Livingston's contributions to the overall Rutgers and global communities, the Livingston Alumni Association hosted two Livingston Legacy Lecture programs in 2009 and 2010.

- Livingston College History Panel (2009).
- Journalism Panel (2010).
