According to Rosemary Eads, a band member who was a dorm advisor in House 19, "Some of the band members were also Livingston students, and we often played in the commuter lounge, not to mention many nights in the hallways of House 19. The band broke up after a few years, but recently reunited after a 30-year hiatus.

"We play light rock with great harmonies, and we're actually still pretty good!

We recently performed at the Strand Theater in Lakewood, opening for the Strawbs, in addition to a variety of coffeehouses in New Jersey and Pennsylvania.”

An archived version of the band’s MySpace page lists 10 songs from the group’s album *Cycles*.

[Soul Cruising at the Livingston College Reunion](#)

Alumni from early classes at the Livingston College reunion, June 14, 2025

Over 100 Livingston College alumni and their guests danced to the sounds of the Sensational Soul Cruisers and shared memories of their times at the Livingston College reunion, held June 14, 2025, on ***The Rock!***

In addition to the dinner dance that was the centerpiece of the reunion events, everyone was invited to participate in a campus tour, thanks to the Scarlet Ambassadors.

Following the tour, there was a late afternoon “meet up” in Livingston Student Center Gathering Lounge for everyone – even those not attending the dinner dance – where we were able to reacquaint ourselves with classmates, munch on some snacks and listen to music.

But the dinner dance in the Student Center was really the main event. A slide show of photos of the campus, the clubs, the Quads, and just about everything *Livingston* played on a big screen as a backdrop to the night’s events. **Click here to watch the slide show featured at the reunion.**

In addition to enjoying a full dinner and open bar, attendees were able to create new memories in our photo booth, catch up with old friends, exchange

stories, laugh at the custom fortune cookies, and enjoy the sounds of the Soul Cruisers, who kept the dance floor hot!

The unofficial guest of honor was Leroy Haines, Assistant Dean/Director of Residence Life.

The highlight of the evening was when we shared memories from our time at Livingston College, entertaining everyone with stories and highlights of their time on the Rock, reminding us of what a unique experience and experiment Livingston College was. **Click here to view video of Livingston College memories from classmates.**

Let's all treasure the fact that no one will ever again have the experience we had attending this unique and wonderful Livingston College.

Feel free to share this with other alumni who weren't able to attend, even if it makes them jealous!
